DigiHealthDay™ Speaker

Dominik Böhler, Ph.D .

**Professor for Management in Digital Healthcare,
Deggendorf University of Technology**

Dominik Böhler is Professor for Management in Digital Healthcare. He works on digital business models and care processes in healthcare. He is one of the initiators of the Munich Digital Health Summit and a strategic advisor and business angel. Previously, he led the education department at UnternehmerTUM, where he supported 2000 innovation projects resulting in 150 Startups. He holds a PhD in Information Systems and a degree in business administration from FAU Erlangen-Nürnberg.
